

Culver City and Los Angeles County
School Board Policies for Inclusive Practices

Effective school boards are equity-driven, making intentional governance decisions that combat institutional discrimination and bias (both explicit and implicit) and eliminate disparities in educational outcomes based on socioeconomic status, gender, gender identity, gender expression, race, religion, national origin, ethnicity, sexual orientation, disability, or family background.

The purpose of any LACOE-approved social media platform shall be to further LACOE's vision and mission, helping to promote and deliver its many programs and services in support of county school districts, and enhance communication with districts and schools, teachers and students, parents/guardians, staff, and community members.

When speaking to the media, legislators, community groups, or other members of the public, individual County Board members should recognize that their statements may be perceived as reflecting the views and positions of the County Board or LACOE.

When speaking to community groups, members of the public, or the media, individual Board members should recognize that their statements may be perceived as reflecting the views and positions of the Board. Board members have a responsibility to identify personal viewpoints as such and not as the viewpoint of the Board.

In addition, the Board encourages members who participate on social networking sites, blogs, or other discussion or informational sites to conduct themselves in a respectful, courteous, and professional manner and to model good behavior for district students and the community. Such electronic communications are subject to the same standards and protocols established for other forms of communication, and the disclosure requirements of the California Public Records Act may likewise apply to them.

The County Board member does not represent any factional segment of the community, but is rather a part of the body that represents and acts for the community as a whole. County Board members shall hold the education of students above any partisan principle, group interest, or personal interest.
