Should we add something like would you live in an apartment building that was for employees only and on district property?

CCUSD Workforce Housing Survey

The CCUSD Board of Education is seeking information regarding our employees and housing. Specifically, we are reviewing data to determine if obtaining housing in or near Culver City directly impacts a potential candidate's interest in applying to and/or a current employee's ability to remain in Culver City Unified School District for their career. Please take a moment to complete this survey to support us in answering this question, as well as in seeking potential supports for all CCUSD staff, enabling more of you to live in or near your place of work. Thank you for your help!
