We also have AP in Social Studies--forgot to mention that...

Hmm, maybe I'll do one AP and one Honors for each subject. Thanks.

Subject: Re: AP/Honors

There are 2 AP English, 3 AP Math, 5 AP Science

2 English Honors, 3 Math Honors, 3 Science Honors

All together, probably 22 teachers--though not all full-time, as teachers teach different preps during the day.

Best,

I don't really know how our classes work at the HS...

Do we have AP/Honors classes for Science, Math & English? How many teachers would fall into those categories?

I'm looking for examples of:

"Maintain and improve classes in core academic programs that focus on skills like science, technology, engineering, math (STEM), English, writing..."

Tech and engineering are already categorized in a separate career education item.
