Hi Paula I'll have a list that I keep for internal tracking but...

TK classrooms, new construction
Exterior lighting improvements at all schools
HVAC in more areas
Shade structures at HS and some elementary schools
HS and MS complete painting
HS and MS athletic fields
Restroom remodels ongoing
Classroom sink plumbing
HS main drainage system being upgraded piece by piece

Dear Robert,

I'm not sure if you get these emails so I wanted to forward these to you. For Tuesday, is it possible to have some examples on how we are fixing our facilities (NOW) and that this plan does not hinder that progress. Thank you for this information. If possible, please send me the examples before the meeting.

Best,
Paula

Subject: Reject Workforce Housing

To: <boardmembers@ccusd.org>

Schoolboard Members:

I am writing to voice my strong opposition to a pending agreement between Culver City Unified School District and Brookwood Advisory Council; further, I am writing to share my strong dissatisfaction that the school board would be making use of funds for the purposes of developing real estate and *not* actioning on the upkeep of school facilities.

We have observed little credible evidence that teachers and staff desire for the district to provide them permanent housing; as parents we *do* hear their strong desire for practical resources and maintained facilities. Now. Not after millions of dollars have been siphoned away from education for these distracting pursuits.
