Comments/General Responses

- ★ Thank you
- ★ Will this impact location of current District buildings?
- ★ It is nearly impossible to afford CC and nearby communities, so this would help
- ★ It's worth the commute to work in CCUSD
- ★ Other options: mileage/commuting incentive
- ★ Other issues more urgent: academics, pool, raises, modernization/cleanliness of current facilities

If that is what Sup would like, here's a summary:

We heard from staff that they (image attached).

We heard from [Landed](#), an organization that supports educational staff on the path toward home ownership.

The board decided to discuss at a future meeting the language that will go into a resolution regarding the district's interest in supporting staff housing on campus property. The details of the direction the district will take and the requested partnership from the city in pursuing that direction will be discussed and voted on publicly.
