Thanks both. What I liked about the survey is that it was specific without using any jargon (eg rental assistance or housing on district property). In this way we can discern what's of interest whether or not the folks have the terms defined, and we can use that information to guide us.

So shall we set up another meeting? Pls let me know your thoughts on that.

Warmly,
Kelly

Hi everyone,

Thanks Kelly for the survey. I agree we would probably need to do another survey to get some input after we hear what the city is actually planning.

I am a bit skeptical of CCUSD getting involved in a bond issue, since I would really like to see us push for one to improve facilities.

But yes, I am in total support of committee and new survey

Thank you for providing the survey., Kelly. I think that because there were no actual specifics in the survey about what the terms assistance, affordable or workforce housing would look like, it is difficult to take the results at face value. And, the comments at the end of the survey support the concerns that labor expressed at last night's board meeting. I agree that forming a committee to further discuss the issue is a good idea and that a different, more in-depth survey should be created. Ray, what are your thoughts?

Best,

Debbie

Hi Ray and Debbie,

Thank you for your comments tonight. I'm wondering if you're interested in any further conversation to help define terms and paint a full picture on both affordable and workforce housing? We could either do it with the board subcommittee and/or Nancy again (as the expert) and invite other members of the union. And [here](#) are the results of the 2019 survey if you'd like to re-look at them.

Warmly,
Kelly
